

## **Mission Statement**

The goal of Wauwatosa Junior Trojans Football is to provide the opportunity to play and promote football for youth in grades five to eight in the Wauwatosa West attendance area. It is our goal to teach the fundamental football skills, tactics and strategies with emphasis on continued improvement, including sportsmanship and teamwork. As a youth sports program, we want to ensure that all participants have a positive and high quality experience, which will create an enthusiastic attitude towards Wauwatosa West High School football. All players are considered an important part of the team and program, and should learn life lessons that have value beyond sports.
